### **STATEMENT**

Chemisafe UK Ltd is committed to improving environmental performance and to consideration of the environment in all areas of its operations, including the collection and disposal of hazardous, chemical and clinical waste. In order to achieve this aim, it is the policy of Chemisafe UK to:

1. Measure and commit to continually improving our environmental performance
2. Encourage minimising, re-using, recycling and gaining value from wastes
3. Maintain compliance with legislation
4. Work proactively with relevant statutory bodies
5. Set and review objectives and targets in order to improve environmental performance and go beyond legal requirements where possible
6. Implement practices that will prevent or minimise environmental pollution from our activities
7. Consider during our business planning processes the environmental impact of all future projects
8. Minimise the consumption of resources where possible
9. Minimise the environmental impact of our activities on the neighbourhood, by controlling air emissions, noise and litter
10. Minimise the environmental impact of Chemisafe UK transport operations
11. Promote environmental awareness amongst all our staff, customers and suppliers
12. Consider the environment when procuring goods and services
13. Minimise any risk to the general public and employees from our business activities
